*In addition to a competitive salary, Nevada Irrigation District offers an excellent benefits package. See the reverse side of this flyer for more details.*

**FILING PROCEDURE AND DEADLINE: Open until filled.** A completed Nevada Irrigation District application, supplemental application and resume are required for this position. Appointment at the salary step within the range is dependent upon overall qualifications and experience of the selected candidate. **No faxes accepted.**

**DEFINITION:** To serve as a resource to District departments by performing professional oversight and analysis of the effectiveness of the field application and deployment of District environmental health and safety practices; to provide advice and expertise on program elements to maintain a risk control program performance that will reduce conditions which could harm or endanger District employees or the public; and to provide ongoing training and advice to District staff and supervisory and management personnel regarding safe work methods.

**EXAMPLES OF DUTIES:** See attached class specification for more details.

### **GENERAL QUALIFICATIONS and SPECIAL REQUIREMENTS:**

- Education:** Equivalent to a Bachelor's degree from an accredited college or university with major course work in occupational health, safety engineering, or a related field.
- Experience:** Four years of responsible professional experience involving the development and implementation of employee health and safety programs.
- Licenses:** Possession of an appropriate, valid California driver's license. Possession of a Safety Professional Certificate, issued by the American Society of Safety Engineers.

**APPLICATION AND SELECTION PROCEDURE:** District applications and supplemental applications may be obtained from the District offices at 1036 W. Main Street, Grass Valley, CA 95945 (530) 273-6185 or by accessing our website at [www.nidwater.com](http://www.nidwater.com). The preparation of application materials is the first test in the examination process. Application materials received in the Human Resources Department will be evaluated for completeness, legibility, ability to follow directions, and related education, training and experience. The hiring department then will conduct a selection interview of those eligible candidates whose qualifications most closely match current needs and make their final selection.
