PREAMBLE

1. The NEVADA IRRIGATION DISTRICT is a public agency formed and existing under the laws of the State of California.
2. California Government Code Sections 3500 through 3510 apply to and govern the employee-employer relations in the Nevada Irrigation District, and this Memorandum of Understanding (MOU) is entered into pursuant to the provisions thereof.

The parties have met and conferred in good faith regarding wages, hours and other terms and conditions of employment for the employees, have freely exchanged information, opinions and proposals, and have endeavored to reach agreement on all matters relating to the employment conditions and employer-employee relations of such employees.

This MOU is a product of the meet and confer process between the designated representatives of Nevada Irrigation District (District) and the designated representatives of the American Federation of State, County and Municipal Employees, Local 146 (AFSCME).

Terms and conditions of employment for those employees are established in this MOU.

ARTICLE I
RECOGNIZED EMPLOYEE ORGANIZATION

1. Recognition: The District recognizes American Federation of State, County and Municipal Employees, Local 146, AFL-CIO (hereafter referred to as Union) as the exclusive representative of employees in the Office Unit.
2. Access: The Union will be permitted access to District property to confer at reasonable times with District employees on matters of employer-employee relations, but such representatives shall not interfere with the work in progress, and shall request and receive authorization of the District's General Manager or their representative, before entering the premises. At times when authorization card and/or election procedures are in progress, the District may prohibit all access to District property relating to the authorization card or election procedures. However, access for purposes of discussing these procedures with management and for the purposes of processing grievances shall be permitted during this period.
3. Stewards: The District recognizes the right of the Union to appoint shop stewards. The Union shall notify the District in writing as to such shop stewards' identities and of subsequent appointments, if any. Employees appointed as shop stewards shall be required to and shall work full time in their respective classifications and shall not interrupt the work of other employees. A steward may, with the permission of their supervisor, leave their workstation during working hours for reasonable periods to investigate pending grievances and to present said grievances to representatives of the District. No steward shall leave their job site without first obtaining the permission of their supervisor, which permission may be withheld by the supervisor if, at the sole discretion of the supervisor, their presence is necessary for the safe conduct and efficiency of the operations; permission by the supervisor will not be unreasonably withheld.
4. Bulletin Boards: The District shall provide and permit the Union to use bulletin boards at the District Office, the Placer and Grass Valley Yards, the Placer Office and the Hydroelectric Department Office and the Scotts Flat Recreation Division Office for the purpose of posting notices pertaining to Union business. However, at times when authorization card and/or election procedures are in process, District may prohibit all use of bulletin boards by employee organizations.
5. Dues Deduction: The District shall, upon receipt of written and voluntary authorization, and until rescission of such authorization, deduct from their wages, the regular membership dues of employees who are members of the Union and who authorize such deduction in writing in accordance with the provisions of Section 1157.3 of the Government Code of the State of California. In the event statutory requirements for an agency shop arrangement are satisfied, the parties agree to reopen this article to address deduction of dues.

The Union shall specify, in writing, the address and payee to whom such dues are to be remitted. Deduction for dues shall be made from the first payroll period of each month, and shall be accompanied with a list of the employees covered and for whom deductions are being made.

The form of dues deduction authorization shall be approved by both the District and the Union.

6. Advance Notice: Except in cases of emergency, reasonable advance written notice shall be given to the Union if it is affected by the ordinance, rule, resolution or regulation directly relating to matters within the scope of representation proposed to be adopted by the District Board of Directors, by any board or commission of the District or by any department, and the Union shall be given the opportunity to meet with such body prior to adoption. In cases of emergency when the District determines that an ordinance, rule, resolution or regulation must be adopted immediately without prior notice or meeting with the Union, the District shall provide such notice and opportunity to meet at the earliest practicable time following the adoption of such ordinance, rule, resolution or regulation. (Section 3504.5 of the Government Code of the State of California.)
7. Orientation: The District will provide the Union with a list of all new hires in the bargaining unit and their classifications five (5) days in advance of the new employees' start date. The Union's Business Representative or designee shall be given the opportunity to make a membership presentation to a new employee within ten (10) days of employee's start date.

ARTICLE II
DEFINITIONS

1. "Class" or "Classification". A position or group of positions that are sufficiently similar in duties, authority, responsibility, and qualifications to warrant combining them under the same job title.
2. "Position": A group of duties and responsibilities assigned and delegated by competent authority and requiring the employment of one person on either a full-time or part-time basis. A position may be occupied or vacant.
3. A "Probationary Employee" is an employee who has not completed their probationary period and fills a regularly established classification.
4. "Promotion" is defined as the movement of an employee from one regularly established classification to another regularly established classification that has a higher maximum base rate of pay.
5. A "Regular Employee" is an employee who has completed their probationary period and fills a regularly established classification.
6. A "Regular Part-time Employee" is an employee who is hired by the District to fill a regularly established classification that warrants year-round employment at no more than thirty (30) hours per week and no less than twenty (20) hours per week.
7. A "Temporary Worker" is defined as an employee who is hired on a temporary basis to perform seasonal work and/or work on special projects. A temporary employee may work in a regularly established classification for certain reasons, such as:
 - a. Extended leaves of absence of regular employees
 - b. Vacancies due to promotions, transfers, recruitment, or re-organization of a department
 - c. Short-term Work Load Requirements: Temporary Workers working in a regularly established classification governed by this MOU can be in place for up to twelve (12) consecutive months. The District may extend the term of a Temporary Worker for an additional six (6) months. If the District anticipates that a Temporary Worker's term may be extended beyond 12 months, the District will provide the Union with a brief written explanation for the extension.
8. "Transfer" means either: (a) the movement of an employee from one position in a regularly established classification to another position in the same classification; or (b) the movement of an employee from a position in a regularly established classification to a position in another regularly established classification that is comparable or the same in salary range and qualifications.

ARTICLE III
PROBATIONARY PERIOD

1. Any person appointed to a regularly established classification shall complete a probationary period of no less than six-months of actual active duty service in the regularly established classification. Any initial probationary period in a position may be extended by the Department Manager for a period of up to six months. Notice of any extension of the probationary period will be provided in writing to the employee prior to the end of the normal probationary period. If no extension is proposed before the end of the initial probationary period, the employee will be considered to have passed probation.
2. The probationary period of an employee who is absent from work, temporarily reassigned to work in another classification, or temporarily assigned to perform modified or light duty work may be extended by the same amount of time as the absence, reassignment, or modified/light duty assignment, so as to result in a probationary period of active working duty in the regular position for the required minimum of six-months of active duty service in the position.
3. An employee who has not completed their initial six-month probationary period will be permitted to apply for an open position for which they meet minimum qualifications. In the event a probationary employee is selected to fill the position, the probationary employee will be required to complete a full probationary period in the new position (e.g., the probationary period will not be reduced by time spent as a probationary employee in the former position).
4. Employees who transfer to another position in the same classification shall not be required to undergo a new probationary period in the position into which the employee is transferring, providing the employee has completed the probationary period for the classification at the time of transfer. Employees who transfer to a position in another classification or who promote to another classification will be required to complete the probationary period for the new classification.
5. During the probationary period, an employee may be rejected at any time by the Department Manager, with or without cause, and with or without prior notice to the employee. Notification of rejection on probation by shall be served on the probationary employee. An employee who has been rejected during the probationary period has no right to appeal or grieve the decision to reject.
6. Any employee who has previously completed the requisite probationary period for their initial position, who has completed five years of service with the District and who is rejected during a subsequent probationary period associated with a promotional appointment or a transfer appointment shall be reinstated to the position from which the employee was promoted or transferred unless charges are filed and the employee is

discharged in a manner provided under the Disciplinary Process provided in this Agreement.

7. During the probationary period, new hires will be eligible for most District benefits herein, including observed holidays as specified in Article XII and vacation, as specified in Article VII. New employees are eligible for vacation after six (6) months of employment. A probationary employee will receive no less than the minimum rate of pay for the job.

ARTICLE IV
SALARY AND OTHER COMPENSATION

1. Classifications and Wage Rates: A current list of Field job classifications and applicable wage rates for the Nevada Irrigation District are set forth in the District Wage Schedule.
2. Establishment and Revision of Classification: The District may from time to time during the year establish new and/or revise existing Field classifications and/or wage rates due to changes in operations or requirements as determined by the District in accordance with the Meet and Confer Process as provided in the Government Code of the State of California.
3. Work Out of Classification:

- a. When an employee is temporarily required to work in a supervisory role for a minimum of forty (40) consecutive hours, the employee will be paid at not less than the minimum rate established for the higher classification, or at one (1) step above their current rate of pay, whichever is greater, for each day so worked. Generally, employees required to assume supervisory responsibilities will be assigned such responsibilities for at least forty (40) consecutive hours, however the Department Manager may authorize less hours depending on the specific situation.

When an employee is temporarily required to work in a classification that is not a supervisory role but is higher than their regular classification and performs such work for four (4) hours or more in any one day, the employee will be paid as set forth in section 4 herein.

A driver who performs Class A driving work in a higher classification for four (4) hours or more on any one day will receive a 5% increase to his or her hourly wage.

- b. An employee will not work out of class longer than six (6) months in one position without approval from the General Manager. The District will determine within the six (6) month period whether or not the position will be filled on a regular basis. This will not apply to an employee working out of class in a position that is covering an employee who is out on an authorized leave of absence. If out of class pay is extended beyond the six (6) consecutive months a brief written explanation for the extension will be provided by the District to the Union.
4. Rate of Pay: In the event an employee is working out of class, in accordance with this Article and Section, the employee will receive a 5% increase to their hourly wage or be paid at the starting rate of the higher classification, whichever is greater.
 - a. For the duration that an employee works in an out of class position, the employee will receive the out of class rate of pay for holidays, vacation, sick leave, CTO, and

administrative leave taken by the employee during the period of such out of class work.

b. When an employee is required to work in a higher classification, the employee must possess the minimum qualifications of the higher classification.

5. Temporary Work in a Lower Classification: When an employee is temporarily required to work in a classification lower than their regular classification, their rate of pay shall not be reduced.

6. Emergency Call-Out: A call-out shall occur when supervisory personnel specifically require an employee to perform emergency work outside the regular scheduled hours. All employees shall be paid two (2) times the regular rate of pay for all time worked during a call-out for a minimum of two (2) hours up to a maximum of three (3) hours. All additional time worked over the three (3) hours emergency call-out shall be at the regular overtime rate of pay of the employee.

Anytime an employee on standby is monitoring the work of others they shall receive emergency call-out pay.

7. Standby: Standby time shall be time an employee is designated by the Department Manager or Supervisor to be available after normal work hours, during weekends or holidays. Standby pay shall be paid at \$86.00 per normal workday and \$129.00 per day on weekends and holidays. The weekend is considered to begin following the last hour of an employee's regularly scheduled workweek. If a cost of living adjustment is made to salaries, standby pay rates will be adjusted accordingly.

Standby duty requires the employee so assigned to:

- Be ready to respond immediately to call for service;
- Be reachable by telephone;
- Remain within a reasonable distance of the work location; and
- Refrain from activities that might impair their ability to perform assigned duties.

Anytime an employee on standby is called to perform work duties or to monitor the work of others they shall receive call-out pay in the amount specified above (in Emergency Call-Out).

8. Market Adjustment: The District commissioned a salary survey, which was completed by Ralph Anderson & Associates in May of 2021 ("Survey"). Effective the first full pay period in January 2022, the District agrees to provide a market adjustment to those classifications identified as having a top step salary that is more than 5 percent below the median salary listed in the Survey. The amount of any market adjustment to be provided will be equal to the difference between the current salary for the position and a value that is 5 percent

below the median. Eligibility for and the amount of any market adjustment will be determined after application of the cost of living adjustment provided by Section 9 below.

9. Cost of Living Adjustment:

- a. Effective on the first day of the first full pay period after July 1, 2021, the District will apply a two percent (2%) cost of living adjustment to the salary ranges for all classifications in the unit.
- b. Effective the first full pay period in January 2022, the District will apply a two percent (2.0%) cost of living adjustment to the salary ranges for all classifications in the unit.
- c. Effective the first full pay period in January 2023, the District will apply a two percent (2%) cost of living adjustment to the salary ranges for all classifications in the unit.

10. Compensation Survey: The District will retain a third party consultant to perform a compensation survey designed to compare the wage rates and benefits (i.e. total compensation) paid by the District to its employees represented by the Union with wage rates and benefits paid by reasonably comparable irrigation districts or similar agencies - that operate under similar circumstances as the District - for the same or comparable work. The District will consider input from the Union as to proposed comparable agencies and why the Union believes they are comparable. The final decision as to which agencies will be deemed comparable will be made by the District with input from the consultant. The District will require that the survey be completed no later than six (6) months prior to the expiration of this MOU. The results of the survey will be communicated to the Union. It is understood and agreed that the survey results will be considered by the parties in negotiations for a new MOU, but any changes to wage rates or benefits will be the result of negotiations between the parties, and will not be dictated by the salary survey. The parties will be free to consider all pertinent factors in negotiating compensation and benefits.

ARTICLE V
PROMOTIONS AND TRANSFER PROCEDURES

This article covers promotion and transfer procedures for current employees of the District.

1. Position Vacancies – Promotional and Transfer Opportunities

The District may from time to time have position vacancies. The District endeavors to find the most qualified candidate for a vacancy. The District will accept applications for position vacancies from active, regular District employees, provided they meet the minimum qualifications of the job classification and follow the procedure for application as outlined on the job vacancy posting.

The District shall determine the scope and area of recruitment for a vacancy that will yield the most qualified candidate pool.

When there is a temporary vacancy due to an internal organizational change, the District may assign an employee to fill the position on an interim basis. Filling a temporary vacancy on an interim basis is not subject to this article's procedures until the hiring Department manager approves a job vacancy posting for the position in question.

The procedures in this article for filling position vacancies do not prevent a hiring Department Manager from assigning an employee in the Department to a higher position in a flexibly staffed job classification for which the employee is qualified when the Department's budget so permits (such as an assignment from Accountant I to Accountant II). In the case of a reassignment within a flexibly staffed classification in the department, the hiring Department manager has sole discretion to reassign an employee into a higher classification notwithstanding the job posting and interviewing provisions of this article.

2. Posting of Vacancies and Internal Applications

a. The District will post vacancies in the job classifications as outlined in Attachment A in the following District locations directly by the Human Resources department:

- Main Office (downstairs hallway)
- Main Office reception display
- Human Resources Office
- Water Operations bulletin board
- Maintenance Shop Area
- Mechanic Shop Area
- Placer Maintenance Yard
- Purchasing Office
- Warehouse area

- Hydroelectric Field Office
- North Auburn Field Office
- Recreation Field Office (Scotts Flat)

- Vacancies that are considered a promotional or transfer opportunity will be posted internally only for 7 continuous calendar days.
- Vacancies that are considered entry level may be posted internally concurrently with external postings. An entry level vacancy is the first level of an established job classification series with no experience required.
- Internal applications are available on the District's website or in the Human Resources office.
- A job posting will include an application deadline, and all applications must be submitted in the manner outlined in the job vacancy posting. It is at the sole discretion of the hiring Department manager together with the Human Resources Manager to accept minimally qualified applications after any vacancy's posted application deadline.
- Internal applicants who want to withdraw their applications for a posted vacancy may request that their original application be pulled from Human Resources and must provide a brief explanation in writing.
- All applications for posted vacancies are retained by the District, but an applicant may request a copy of an application that they submitted.

3. Candidate Interview Process

- The hiring Department Manager and the Human Resources Manager will review all minimally qualified applicants for vacancies and determine which ones will be invited for an interview panel.
- Internal applicants selected for interview will be notified in writing of the date and time of the interview and if a written test is included.
- The Human Resources department, along with the hiring Department manager will determine the composition of interview panels to allow for the most fair and objective assessment of candidates. Normally, a panel will consist of four District employees that includes two members from the hiring department, one from another department, and one from the Human Resources department. Panelists from outside agencies may be substituted for District employees if necessary and if approved by the hiring Department Manager and the Human Resources Manager.

- d. Interview questions and any written test questions established for the interview panel shall be relevant to the specific job classification's qualifications, experience and education guidelines and any applicable District policies, practices or procedures.
- e. Internal applicants may inquire with the hiring Department Manager and their staff to schedule a "ride along" or other activity which may familiarize them with a department and/or vacancy. They may also inquire with the Human Resources department for general information and guidance on successful interviewing. In such situations, no District employee shall divulge the exact interview panelist questions or test information for an upcoming interview panel or past interview panel.

4. Candidate Selection Process

- a. The interview panelists will recommend their most qualified candidate(s) to the hiring Department Manager. The hiring Department Manager will make the final determination of which candidate will be offered the position after confirming with the Human Resources Manager. The Department Manager will take into consideration all of the information gathered during the interview panel, written test results if any, and the entirety of the application of each individual including the candidate's length of service with the District; however, no one factor will be relied upon exclusively. The decision to select an internal applicant for promotion or transfer is the District's prerogative, and is not grievable.
- b. Once an applicant has been selected, the hiring Department Manager will inform any internal applicants not selected. The Human Resources Department will notify all other applicants.
- c. If an internal applicant who is not selected disputes the hiring Department Manager's decision, the applicant may submit the dispute in writing to the Human Resources Manager within 15 days of the hiring Department Manager's decision. The Human Resources Manager will then conduct interviews with the panelists and consider the entire selection process, and will provide the results to the General Manager who may take whatever appropriate action may be warranted.

ARTICLE VI
LAYOFF AND DISPLACEMENT (BUMPING) RIGHTS

1. Policy: At any time, if the District determines that one or more positions in a classification are to be eliminated due to lack of work, lack of funds, reorganization, or other reasons of economy, efficiency or lack of need, an employee filling such a position may be laid off or may voluntarily demote, if applicable.
2. Notice: The District will provide the Union with a copy of any recommendation for layoff upon posting the agenda for the Administrative Practices Committee. Employees affected by a layoff will be given at least two (2) weeks' prior notice.
3. Seniority Defined: For purposes of layoff, seniority shall be defined as an employee's tenure in a classification. When an employee retreats to a lower classification, seniority for that lower classification shall include tenure in all higher classes. Seniority includes time accrued in regular full-time and regular part-time service. For purposes of calculating seniority, length of service for regular part-time employment is calculated on a pro-rata basis. Employment in a temporary appointment position does not count in calculating seniority.

In cases where there are two (2) or more employees with the same employment status and the same seniority date in the classification, such employees will be laid off based on total length of continuous District service. If the employees also have the same total length of continuous District service, such employees will be laid off on the basis of the last evaluation rating in the class, providing such rating has been on the file for at least ninety (90) days, with the employee with the lowest rating being laid off first.

4. Order of Layoff: In each class, employees shall be laid off in the inverse order of their seniority and according to employment status in the following order:
 - a. Temporary Workers
 - b. Employees on Probationary status
 - c. Part-time Regular Employees who have completed probation
 - d. Full-time Regular Employees who have completed probation
5. Layoff or Displacement Options: An employee notified of layoff or displacement shall have the following options:
 - a. Displace (bump) another employee, if applicable. If a regular full-time employee has held status in a lower classification, the employee may retreat to that lower classification if the employee meets the current minimum job qualifications and has more seniority than at least one of the incumbents in the lower class. If an employee has not held status in a lower class, then no bumping rights accrue to the employee.

An employee exercising bumping rights must provide written notice of such to the Human Resources Manager within seven (7) days of receipt of notice of layoff. An employee bumping to a lower class will be placed on the salary step representing the least loss of pay. An employee who does not timely exercise bumping rights will forfeit the ability to bump to a lower class and will be laid off.

- b. Accept a transfer, if applicable. If an employee has not held status in a lower classification, or if such lower classification is occupied by a more senior employee, the employee may be eligible for transfer to a vacant position if the employee is qualified and capable of performing the duties of the vacant position, as determined by the General Manager or designee.

An employee accepting an offered transfer must provide written notice of such to the Human Resources Manager within seven (7) days of receipt of notice of layoff. An employee who does not timely provide notice of acceptance of a transfer opportunity will forfeit the ability to transfer and will be laid off. An employee transferred in lieu of layoff will be paid at the rate of pay for the new position at a step to be determined by the General Manager and shall serve a 90-day probationary period. The employee will be given an interim evaluation at 90 days to discuss and determine the status of the employee's performance. An employee that is unsuccessful in an open position and released will not lose their placement on the reinstatement list for the classification from which they were laid off.

- c. Be Laid Off. If an employee is unable to displace (bump) another employee or was not transferred to an available open position, the employee will be laid off.

6. Reinstatement List:

- a. The names of all employees in regular positions who are laid off or who are demoted in lieu of layoff (either through a transfer or through bumping) shall be placed on a reinstatement list. Such reinstatement list shall remain in effective for two (2) years, unless exhausted sooner.
- b. If a position is reestablished, then employees on the reinstatement list will be offered the position in the order of their seniority date. Failure to promptly respond to and accept a reinstatement offer within seven (7) days of the date of the offer shall result in removal of the employee from the reinstatement list. It shall be the employee's responsibility to notify the District of any change to the employee's contact information.
- c. Reinstatement will result in removal from the reinstatement list, except when reinstatement is in a lower class.

**ARTICLE VII
VACATION**

1. Accrual:

Regular employee upon the start of employment and as they perform work. A regular full-time employee will accrue vacation with pay based on the employee's continuous years of service and in accordance with the following schedule:

Years of Service	Accrued Hours per Pay Period	Max Accrued Days	Max Accrued Hours
Date of hire - up 4 years	3.079	20	160
Greater than 4 years	3.692	24	192
Greater than 9 years	4.615	30	240
Greater than 14 years	6.166	40	320
Greater than 19 years	7.691	50	400
Greater than 24 years	8.012	52	416

A part-time regular employee will accrue vacation on a pro-rata basis according to their full-time equivalency.

Eligible employees will accrue vacation as they work up according to the rates provided above, except that the maximum number of hours in an employee's vacation bank shall not exceed the maximum hours listed above. Unused vacation hours carryover from year to year but are subject to the applicable maximum hours cap listed above. Employees who reach their maximum vacation accrual shall not accrue additional days until vacation is used. Employees in an unpaid status do not accrue vacation.

In the event work requirements prohibit employees from using vacation, the General Manager may authorize the employee to retain those days. This review is on a case by case basis and will only be authorized by the General Manager. The General Manager's decision is not subject to the Grievance Procedure.

2. Usage and Scheduling:

- a. An employee is eligible to begin using vacation time after completing their initial probationary period. Although an employee may accrue vacation before completing the initial probationary period, the employee is not eligible to use accrued hours prior to completing the initial probationary period.

- b. If an employee has exhausted sick leave and has a medical need to be absent from work, the District may require that the employee use vacation hours to remain in paid status.
- c. If an employee falls ill while on a pre-approved period of vacation leave, the employee may request to use sick leave hours in lieu of vacation time during the period of the employee's illness. Any such request must be submitted at the time that the employee falls ill and will be denied if submitted after the employee returns from vacation. Requests must be made to the employee's supervisor using the call out procedures that would have applied if the employee had been scheduled to be at work and needed to be absent due to illness. An employee may be required to provide documentation in support of a request to use sick leave under this provision.
- d. If a holiday falls on a workday within an employee's vacation period, such employee will not be charged with a day of vacation for the holiday and will receive holiday pay instead.
- e. Employees should submit written requests for vacations to their Department Manager, or their designee, at least two weeks prior to the requested vacation and in compliance with the Department's workload scheduling procedures. Whenever possible, vacations will be approved by the Department within five business days of submitting. If the vacation request is denied due to District needs, the Department will work with the employee to find alternative dates that are acceptable to both parties. Vacations may be scheduled at any time from the first of the year to the end of the year with the approval of the Department. However, employees occupying positions that require their presence on the job during certain parts of the year will not be permitted to take their vacations during those periods.
- f. Vacation may be used in minimum increments of at least 1 hour. Vacation is paid at an employee's base hourly rate.

3. Vacation Upon Separation

- a. An employee may not use vacation to delay their separation date.
- b. A regular employee who has not completed their initial probationary period and whose employment with the District is terminated for any reason is not eligible to receive payment for any accrued vacation hours.
- c. A regular employee who has completed the initial probationary period and whose employment with the District is terminated for any reason will receive payment for any previously accrued and unused vacation pay as part of their final paycheck.

ARTICLE VIII
SICK LEAVE

1. Accrual: After completion of one (1) month of continuous service with the District, a regular employee shall be allowed one (1) workday of sick leave and shall accrue sick leave using the following formula.

(Hours worked per pay period divided by 80 hours per pay period) x (3.69 hours of sick leave) = number of accrued hours per pay period.

2. Definition: Sick leave is defined as absence from duty due to illness, non-industrial injury, industrial injury or quarantine due to exposure to a contagious disease.
3. Attendance on Immediate Family: The District agrees to provide employees with a better benefit than that which is required by law and will allow each employee to utilize their sick leave balance up to a maximum of nine (9) days per calendar year to attend to the illness of a child, parent, spouse, domestic partner, grandparent, grandchild, sibling or any relative or ward residing in the same house. The terms used in this paragraph to define various types of family members shall have the same meaning as provided under the California Family Rights Act.
4. Doctor's Certificate: If absence from duty by reason of illness or injury extends beyond a period of three (3) consecutive working days, the District requires a doctor's certificate be provided to Human Resources. If the absence exceeds five (5) consecutive working days, a release from the doctor to return to work may be required. Cost of obtaining a doctor's report will be borne by the employee.
5. Integration of Benefits: During the time an employee is drawing both sick leave pay from the District, and sick or accident benefits from any insurance carried by the District, the sick leave pay rate will be reduced by the amount of insurance benefits received during such sick leave period, and the employee's available total accrued sick leave will be debited for the reduction related to sick leave used by the employee. Employees who are absent due to a medical or personal leave of absence without pay will not accrue sick leave. Once an employee's sick leave balance is exhausted, other leave balances may be used.
6. Holidays and Sick Leave: If a holiday occurs on a workday during the time an employee is absent on such sick leave with pay, he/she shall receive pay for the holiday and it shall not be counted as a day of sick leave. If an employee receives insurance benefits for that holiday, holiday pay shall be reduced by the amount of insurance benefits received, if any.
7. Payout Upon Separation: Upon voluntary termination, retirement or death of an employee an amount equal to 50% of accumulated sick leave will be paid to the employee or the estate of said employee. At the discretion of the employee or the estate of the employee,

the accumulated sick leave may be paid in a single lump sum, or may be deferred as deferred earnings at the rate of earnings in effect at the time of death, retirement or voluntary termination. The District shall not pay the employee for any unused accrued sick leave upon the termination of an employee for cause.

**ARTICLE IX
LEAVE OF ABSENCE AND OTHER LEAVES**

1. General: The provisions of this Article shall be read and administered in accordance with applicable provisions of federal and state laws and regulations. To the extent the provisions of this section conflict with applicable law and the conflict results in a more favorable benefit to the employee, the law will take precedence. Otherwise, the provisions of this article shall govern. If, during the term of this agreement, judicial, legislative or regularly changes invalidate provisions of this section, the parties shall, as soon as it can be mutually arranged, meet and confer to address the impact of any invalidated provision on existing terms and conditions of employment.
2. Family and Medical Leaves: District employees may be eligible to receive a leave of absence under the Family Medical Leave Act (FMLA) and/or the California Family Rights Act (CFRA). In order to receive FMLA/CFRA leave, an employee must have been employed by the District for at least 1 year and must have actually worked at least 1,250 hours in the one-year period immediately preceding the leave. FMLA/CFRA leave will be administered in accordance with the District's Family Care and Medical Leave Policy. To the greatest extent allowed by law, any FMLA/CFRA leave provided will run concurrently with other leaves provided under this agreement or any other District policy.
3. Pregnancy Disability Leave: The District shall provide eligible employees with leave in accordance with the provisions of the California Pregnancy Disability Leave Law. Eligible employees may receive up to four months of unpaid leave when they are disabled by pregnancy, childbirth or related medical condition.
4. Personal Leaves: This section shall cover leaves of absences which are in excess of or not covered by the District's Family Care and Medical Leave Policy or Pregnancy Disability Leave policy.
 - a. Requests for Leave. An employee who needs a leave of absence from work shall submit a written request for leave to the Human Resources Department. The request must include the employee's name, job title, beginning and ending dates for the requested leave, and a statement explaining the reason for the need for leave. The request shall be made on forms prescribed by the District. A request for leave should normally be initiated by the employee but may be initiated by the employee's supervisor or Department Head.
 - b. Reasons for Leave. A personal leave may be granted for the following reasons:
 1. Illness or disability, including pregnancy beyond or in lieu of that covered by PDL leave;
 2. Education or training that will benefit the District; or
 3. Other personal reasons, such as family care emergencies, provided the needs of

the District are considered.

A personal leave is not a substitute for vacation.

- c. Authorization: The General Manager or designee may grant a regular employee a personal leave for a period not to exceed twelve months. Absences of more than twelve months require the approval of the Board of Directors. Any personal leave will be authorized in writing only and at the convenience of the authorizing department. Workload, seasonal demands, and staffing levels must be considered. A leave that results in an undue hardship, including the incurring of excessive overtime costs to provide coverage and to ensure the continuation of services to the public, may be denied.
 - d. Pay While on Leave: As a condition of receiving a personal leave of absence, an employee will be required to use all available paid leave accruals before being permitted to take unpaid leave.

 - f. Accruals While on Leave: An employee's sick leave, CalPERS service credits, seniority, and vacation will not accrue while on an approved personal leave and in an unpaid status. However, an employee's status as a regular employee will not be impaired by such leave of absence.
5. Absent Without Leave (AWOL): If an employee fails to return immediately upon the expiration of any leave of absence, or fails to report to the work site without notifying their direct supervisor, or is on an unauthorized absence, the employee shall be considered absent without leave (AWOL). If an employee is AWOL for three (3) consecutive workdays, such an employee shall be considered to have voluntarily resigned. Nothing in this section shall limit the District's authority to discipline an employee due to an unauthorized absence.

After the third (3rd) consecutive workday of AWOL, a notice of automatic resignation shall be sent by certified mail/return receipt to the employee's last known address. The last known address shall be deemed the address on record in the employee's personnel file at Human Resources. The resignation becomes effective at close of business on the third (3rd) consecutive workday of AWOL. An employee who is provided with a notice of automatic resignation under this section will be given an opportunity to be heard before the resignation is deemed final. An employee who is separated under this provision is not entitled to a disciplinary appeal or to otherwise grieve such a resignation.

6. Jury Duty: A regular employee who is summoned for jury duty and is thus unable to perform their regular duties will be given a leave of absence with pay for the duration of their jury duty (up to a maximum of 30 days), provided that they:

Sick leave may be used in the event of the death of a grandparent or stepparent not residing in the same home as the employee. At the discretion of the General Manager, permission may be granted to attend the funerals of other relatives and coworkers and to subtract the time expended from sick leave. This permission shall be given only if proper prior application is made to the General Manager, and the granting of permission will be at the sole discretion of the General Manager.

**ARTICLE X

1. Application: Length of service with the District will be used for the basis of determining such benefits as sick leave and vacations for regular employees of the District. Continuous service with the District will start with the date of regular employment and will consist of the period of employment. Continuous service will be broken upon separation of employment.

2. Continued Accrual: Continuity of a regular employee's service will not be broken by absence for the following reasons, and length of service will accrue for the period of such absence:

A rehired employee shall be placed at no lower than the same salary step held at the time of separation from District service.

(i) Employees Hired before May 10, 2012: Employees who were hired before May 10, 2012 and who retire from the District (either a disability retirement or a service retirement) after completing at least ten (10) years of service are eligible to receive a monthly District contribution to their retiree HRA in an amount equal to the cost of the employee only premium for the PERS Choice Plan Region 1, as determined on the date of the employee's retirement, minus any minimum contribution paid directly to CalPERS, as a monthly contribution to the Retiree's HRA Account.

(ii) Employees Hired on or after May 10, 2012: Employees who were hired on or after May 10, 2012 and who retire from the District after completing at least ten (10) years of service (either a disability or service retirement) are eligible to receive a monthly District contribution to their HRA in an amount equal to 25% of the cost of the employee only medical premium for the PERS Choice Region 1 rate, as determined on the date of the employee's retirement, minus the minimum contribution paid directly to CalPERS, as a monthly contribution to the retiree's HRA.

Eligible employees shall receive an additional 2.5% of the employee only medical premium for each year of service in excess of ten years, up to a maximum of twenty years, resulting in a maximum formula calculation equal to 50% of the cost of the employee only medical premium for the PERS Choice Region 1 rate, as determined on the date of the employee's retirement, minus the minimum contribution paid directly to CalPERS.

(iii) Employees Hired on or after January 1, 2022: Employees hired on or after January 1, 2022 are not eligible to receive a post-employment District contribution to a retiree HRA account.

c. HRA Cap. Individual account caps for a retiree HRA account shall be equal to \$4,000. No contribution to a retiree account shall be due when the balance in the retiree's account reaches the "cap." An employee whose Active HRA Account balance exceeds the Retiree cap on the effective date of their retirement, will still be permitted to draw down on those amounts in excess of the cap. However, once the retiree's balance is at or below the cap, the cap will be enforced.

d. Termination of Contributions. District retiree HRA contributions will cease upon the date of death of the retiree. The balance in a retiree HRA account will be available for use by the Retiree's eligible dependents for qualified claims and according plan terms

and applicable law. Any HRA account balance remaining 12 months after the retiree's date of death will be forfeited.

- e. Effect of Medicare. Upon attaining eligibility to participate in Medicare Part B benefits, the formula used to calculate the District's contribution to an eligible retiree's HRA will be adjusted to be based on the premium for participation in a Medicare supplement plan, minus any minimum contribution paid directly to CalPERS. For employees who retired on or prior to June 30, 2021, the Medicare supplement plan rate used for this calculation will be no greater than the PERS Choice Medicare supplement plan rate that was in effect on the date of the employee's retirement from District service. For employees who retire on or after July 1, 2021, the Medicare supplement plan rate used for this calculation will be no greater than the PERS Choice Medicare supplement plan rate in effect on the date on which the retired employee becomes eligible for Medicare.
4. Life Insurance: Employees who retire from the District after completing ten (10) years of service are eligible to receive District provided life insurance benefits from their date to retirement through age 65. Coverage will be \$50,000 and is subject to the Plan's benefit reduction by age.

**ARTICLE XV
GRIEVANCE PROCEDURE**

1. Grievance Defined:
 - a. A grievance shall be defined as any dispute between the Union and the District or an employee (or employees) and the District, relating to actions (or inactions) of the District in its application, meaning, interpretation, or enforcement of this MOU, and excludes those items which are excluded from the grievance procedure and/or for which the decision of the General Manager is final. Performance evaluations are not subject to the grievance procedure.
 - b. An employee(s) or the Union shall have the right to present a grievance pursuant to this procedure. The employee(s) may be represented by the Union, an individual of their choice, or the employee may represent themselves in the steps of this procedure. Employee(s) who present a grievance shall not be subjected to reprisal or other punitive action by the District or the Union for exercising their right to present or appeal a grievance. With prior approval from their Supervisor, Superintendent, Department Manager, or Human Resources Manager, an employee(s), or their designated Union representative, who files a grievance shall be given reasonable time off without loss of pay or benefits to investigate the grievance. "Reasonable time off" is defined as two (2) hours; however, upon approval of the Human Resources Manager, additional time may be granted. Both employee(s) and their designated Union representative shall be given time off without loss of pay or benefits to attend grievance meetings as outlined below.
2. Intent: It is the intent of the parties to this MOU to anticipate and diminish causes of grievances and to settle any that arise at the lowest practicable level of supervision as fairly and promptly as possible. The parties agree that it is in the best interest of the process to bring forward all available relevant facts and information at the earliest possible step in the grievance procedure. Any new relevant information that is obtained by either party after any grievance meeting but before the receipt of the response will be immediately shared with the affected parties.
3. Procedure: Grievances will be processed in the following manner and within the stated time limits. Grievances shall be initiated within fourteen (14) calendar days from the event giving rise to a grievance or from the date the employee/ Union could reasonably have been expected to have had knowledge of such event. Both the informal grievance step and/or Step 1 may be waived by mutual agreement of the parties.
 - a. Informal Grievance: The initial step in the consideration of a grievance shall be a discussion between the employee and, at the employee's request, the designated representative, and the supervisor, following the employee's/ Union's request for an informal grievance meeting. The supervisor shall respond to the grievant in writing

within fourteen (14) calendar days after the informal meeting. The meeting shall take place at such time as not to interfere with the work-in-progress.

- b. Step 1—Formal Grievance: If the grievance is not satisfactorily resolved at the informal grievance level above, then the grievant may request that the grievance be advanced to Step 1 of the grievance procedure by presenting a formal grievance in writing to the Department Manager. Any request to advance to Step 1 must be made no later than fourteen (14) calendar days after the supervisor's written reply at the informal level. If no written reply is given, the formal grievance must be made within fourteen (14) calendar days after the timeline for providing a response to the informal grievance has expired.

The formal grievance shall set forth the alleged facts or circumstances giving rise to the grievance; the applicable section of the Agreement asserted to have been violated, if applicable; and the remedy or correction requested. The Department Manager shall meet with the grievant, the Supervisor, Human Resources Manager, and at the employee's request the designated representative, to discuss the facts no later than fourteen (14) calendar days after the receipt of the formal grievance. The Department Manager shall respond to the grievance in writing within fourteen (14) calendar days after the meeting.

- c. Step 2—Formal Grievance: If the grievance is not satisfactorily resolved at Step 1 of the formal process (above), then the grievant may request that the grievance be advanced to Step 2 of the grievance procedure by presenting a Formal grievance in writing to the General Manger. Any request to advance to step 2 must be made no later than fourteen (14) calendar days after the Department Manager's written reply at Step 1. If no written reply is given, the request to advance to Step 2 must be made within fourteen (14) calendar days after the timeline for providing a response to Step 1 has expired.

The General Manager or designee shall meet with the grievant, the Department Manager, Human Resources Manager, and at the employee's request the designated representative, to discuss the facts no later than fourteen (14) calendar days after the receipt of the grievance at their level. The General Manager or designee shall respond to the grievant in writing within fourteen (14) calendar days after the meeting.

- d. Step 3—Mediation: If the grievance is not satisfactorily resolved at Step 2 of the formal process (above), the grievant may request that the parties participate in mediation. A request for mediation must be made in writing to the Human Resources Manager. Any request for mediation must be presented no later than fourteen (14) calendar days after the Step 2 written reply. If no written Step 2 reply is given, the request for mediation must be made within fourteen (14) calendar days after the timeline for providing a response to Step 1 has expired.

Participation in mediation is voluntary. If both parties agree to participate in mediation, the District's Human Resources Manager will contact the California State Mediation & Conciliation Services to arrange for the services of a mediator. As soon as practicable, or as otherwise agreed to by the parties, a mediator shall hear the grievance. The mediation process and any opinion expressed by the mediator shall be informal, confidential, and shall be considered advisory. Any cost for the mediator will be shared equally by the parties.

- e. Step 4—Binding Arbitration: If the grievance is not satisfactorily resolved at Step 3 of the formal process (above), or if the parties decline to participate in Step 3 above, then the Union may request that a grievance be submitted to arbitration. A request for arbitration must be requested in writing to the Human Resources Manager. A request for arbitration must be presented no later than fourteen (14) calendar days after the completion of the mediation or the date on which a request for mediation is declined.

An arbitrator shall be selected by mutual agreement between the parties. Should the parties fail to agree upon an arbitrator within a reasonable period, they shall jointly request a list of seven (7) qualified arbitrators from the American Arbitration Association. The parties shall each alternately strike names until one (1) name remains. The party that strikes the first name from the list of arbitrators shall be determined by a toss of a coin.

- (i) In the arbitration of any dispute involving the application or interpretation of this MOU, any rule, regulation, policy, manual, practice, or procedure of the District, the arbitrator shall only interpret the MOU, rule, regulation, policy, manual, practice, or procedure and shall not add to, delete from or modify their terms.
- (ii) The arbitrator's decision shall be in writing and shall be final and binding on the District, the grievant, and the grievant's representative/ Union. All fees and costs of the arbitrator, including the cost of a court reporter, if the arbitrator desires one, shall be shared equally between the parties to the arbitration. Each party shall bear their own attorney's/representative's and consultant's fees, and costs incurred.
- (iii) Both the grievant and their designated Union representative shall be given time off without loss of pay or benefits to participate in an arbitration hearing. Witnesses called to provide testimony at arbitration shall not suffer loss of pay or benefits for time spent at a hearing held pursuant to this MOU. The number of witnesses requested shall be reasonable. The scheduling of witnesses shall be coordinated in advance of the hearing, whenever possible.
- (iv) Grievance arbitration hearings will not be open to the public.
- (v) Arbitration is only available to resolve disputes between the Union and the

District. The District has no obligation to participate in arbitration involving a grievance brought solely by an individual employee and not the Union.

4. Miscellaneous:

- a. An employee shall be free to request and designate a representative/ attorney at any step of the grievance procedure. Such a request or designation at any step of the grievance procedure shall not prevent an employee from requesting or designating a different representative/attorney to appear on the employee's behalf at a subsequent step in the grievance procedure.
- b. Any party to the grievance/arbitration process may obtain information in the possession of (or which may reasonably be obtained) by the other party or their representative, except for any material that in the District's discretion must, in the public interest, be kept confidential.
- c. Time deadlines for proceeding through the grievance procedure are jurisdictional if a grievance is not timely advanced at any stage, then the last grievance reply provided shall be deemed final and binding on the parties and all further steps in the grievance procedure are waived. If no reply was given at the last step, the grievance shall be deemed denied. The parties may mutually agree, in writing, to extend any grievance timelines.

ARTICLE XVI
PERFORMANCE EVALUATIONS

1. Timing of Evaluations. All regular employees who have completed their probationary period should be evaluated once every twelve (12) months. In addition, an employee may also be evaluated at any time at the discretion of the department head, or when the performance of the employee has been rated at or below the "Improvement Needed" level on the most recent evaluation.
2. Form of Evaluation. Performance evaluations are expected to be conducted using the form prescribed by the Human Resources Department. Where an employee has worked under several supervisors, each supervisor should contribute to the evaluation.

Each performance evaluation shall be discussed with the employee. The employee shall sign the report as a means of acknowledging its content. Such signature shall not necessarily mean the employee agrees in total with the contents of the evaluation report. After the evaluation has been completed and signed, a copy shall be given to the employee and the supervisor. In addition, a copy is to be filed with the Human Resources Department.

3. Ratings of Less Than Standards An employee who receives an overall performance rating of less than meets minimum requirements should be rated at a more frequent interval. An employee who receives an overall rating of less than meets minimum requirements shall not be eligible for any salary step advancement or to participate in any promotional examinations until at least an overall meets minimum requirements rating has been established.
4. Employee Response to Evaluation. Employees may attach a reasonable amount of rebuttal material to any evaluation with which they disagree. Written statements in response to an evaluation must be submitted within fourteen (14) days of when the evaluation is provided to the employee in order to be included with the evaluation in the employee's personnel file. Evaluations are not subject to any form of appeal or grievance.

ARTICLE XVII
EMPLOYEE TRAINING

1. The District may require employees to attend job related training. Employees will be expected to attend and complete the assigned training.
2. Where training is required by the District, expenses incurred by employees that have been approved in advance by the Department Manager or General Manager will be reimbursed.
3. Employees will be paid their standard daily rate of pay, as determined by their current work schedule, for training, plus travel time.
4. If a meal is not provided with the training, employees will be paid meal allowances in accordance with The General Services Administration (GSA) per diem rates.
5. District vehicles shall be used to commute to training. If the Department Manager determines that using a District vehicle is not practical, mileage reimbursement will be paid in accordance with the current IRS rates.
6. Nothing in this Article shall preclude an employee from requesting training. In the case of an employee request, the specific training course must be pre- approved by the employee's Department Manager.

**ARTICLE XVIII
DISCIPLINARY ACTIONS**

1. General Purpose: The parties endorse the concept of progressive discipline. They further agree that the goal of any individual disciplinary process should be to improve and sustain conduct and performance at a satisfactory level. Disciplinary action should be constructive and corrective. In any situation where an employee's conduct warrants correction, the supervisor/manager will issue an appropriate level of action warranted by the employee's performance, behavior and/or actions, which may include any of the types of disciplinary action described below.

2. Employee Right to Representation: When an employee is required to meet with a supervisor or manager and the employee reasonably anticipates that such meeting will involve questioning leading to disciplinary action (i.e. an investigatory interview), the employee shall be entitled to have a steward or other representative present if the employee so requests. Upon request, the employee shall further be entitled to know the general subject of any meeting the employee is required to attend. Employees shall also have the right to such representation at all procedural stages of this Disciplinary Actions procedure.

An employee shall be free to request and designate their representative/attorney at any step of the discipline procedure. Such a request or designation at any step of the discipline procedure shall not prevent an employee from requesting or designating a different representative/attorney to appear on the employee's behalf at a subsequent step in the discipline procedure.

3. Just Cause for Disciplinary Action: The District may discipline employees for just cause only, and in accordance with this article. Wherever appropriate, discipline shall be progressive. Some actions may be so serious or severe that they merit bypassing some or all of the steps in the progressive discipline process.

No disciplinary action shall be taken against a regular employee without just cause. "Just cause" is defined as any facts that, based on relevant circumstances, may be reasonably relied on by District management in the exercise of reasonable discretion as a basis for disciplinary action. "Just cause" includes, but is not limited to:

- Misstatement of facts during the hiring process
- Incompetence, inefficiency, or unsatisfactory job performance
- Inexcusable neglect of duty
- Insubordination or willful disobedience
- Dishonesty
- Being under the influence of illegal drugs or alcohol, or possessing illegal drugs, while

on District property or on official business

- Inexcusable absence without leave
- Conviction of a felony or conviction of a misdemeanor which is of such a nature as to adversely affect the employee's ability to perform the duties and responsibilities of the employee's position. A plea of guilty or a conviction following a plea of *nolo contendere* is deemed to be a conviction within the meaning of this section.
- Discourteous treatment of the public or other employees during the course of District business
- Political activity prohibited by state or federal law
- Violation of any District rule, policy or procedure
- Any behavior either during or outside of duty hours that causes public discredit to the District
- Failure to possess or keep in effect any license, certificate, or other similar requirement specified in the employee's position specification
- Theft, misuse, or unauthorized use of District property
- Intentional or negligent falsification of documents

4. Types of Disciplinary Action

a. Informal Corrective Actions

Informal corrective action is not considered discipline for the purposes of this Article. It consists of either verbal or written reminders relating to policy of the District and represents notice and an effort on the part of the District to assist employees with improving performance. Informal corrective action may include confirmations of discussion, documented coaching and counseling meetings with written policy reminders, counseling memoranda, or performance improvement plans (PIP). Informal corrective actions may or may not be given before written reprimands, or other discipline depending on the nature or severity of the rule violation. Informal corrective actions may not be appealed. Informal corrective action should have the purpose of teaching and goal setting for the employee and to train and coach the employee to be an effective employee by the District.

b. Written Reprimands. Written reprimands are disciplinary in nature, do not involve a loss of pay, and may be issued to any employee for an established violation of workplace rules. Written Reprimands may or may not be given before a discipline up to and including termination depending on the nature or severity of the rule violation.

c. Lesser Discipline. Lesser Discipline involves a loss of pay equivalent to less than three

(3) days suspension without pay. Lesser Discipline is subject to completion of pre-disciplinary procedures and may be appealed up to the level of the District's General Manager (discussed below). Lesser Discipline may be appealed as provided below.

- d. Major Discipline. Major Discipline includes suspensions of three (3) or more days, demotion, reduction in pay, or termination. Major Discipline is subject to completion of pre-disciplinary procedures and may be appealed as provided below.

5. Procedures

a. Informal Corrective Action

When an employee is provided with informal corrective action as defined in this section, a meeting may be scheduled with the employee to advise them of a violation of District policy or a performance deficiency. During the meeting, the supervisor will provide an explanation of, and ensure an understanding of, applicable workplace rules and/or expectations/standards of conduct/performance. The supervisor will also warn the employee of the consequences of repeated and/or future violations of the rules and/or standards of conduct. A written record of informal corrective action is recommended, and may be used for evaluation purposes but will not be placed in the employee's official personnel file.

b. Written Reprimand

A written reprimand is the lowest form of disciplinary action and does not involve any loss of pay to the employee. Written reprimands must state the basis for the violation, and shall inform the employee that another infraction could result in more severe discipline, up to and including termination. Copies of the Letter of Reprimand will be given to the employee, the Union, and the Human Resources Manager for placement in the employee's official personnel file. The Letter of Reprimand will be removed from the employee's personnel file after one (1) year from the date of the Letter of Reprimand, provided there has been no recurrence of the conduct forming the basis for the Written Reprimand. An employee may submit a written response to the reprimand within thirty (30) days of it becoming final. Written responses shall be attached to the reprimand in the personnel file and shall be considered along with the reprimand.

c. Pre-Disciplinary Due Process (Skelly Meeting Process) for Lesser and Major Disciplinary Actions

When the District proposes to impose Lesser or Major Discipline as defined in this section, the employee shall first be notified in writing of the District's intent to take such action. The notice shall set forth the grounds for the Proposed Disciplinary Action in sufficient detail to permit the employee to understand them and to respond to them. The notice shall also include:

- The employee's right to respond before such discipline is imposed,
- The deadline for responding orally and/or in writing,
- The person who has been designated by management to hear or receive the employee's response,
- The employee's right to representation in such proceedings, and
- All materials, documents, records, other evidence, etc., on which the action is based.

This notice shall be given either in person or sent certified/return receipt U.S. Mail to the address on file in the employee's HR file, and shall be deemed given on the date the employee receives the notice. The employee will have up to seven (7) business days after receipt of the Notice of Proposed Disciplinary Action to respond either in person or in writing unless a longer period is agreed upon in writing.

Due consideration shall be given to any response by the employee and/or the employee's representative. Upon the employee's response, or if the employee does not respond and thus waives their pre-disciplinary due process rights (Skelly Meeting), the person designated to hear the response shall issue a final decision letter which may uphold, modify, or rescind the letter of intended disciplinary action. Such letter shall be issued within seven (7) business days of the employee's response unless a longer period is agreed. This notice shall be given either in person or sent certified/return receipt U. S. Mail to the address on file in the employee's HR file, and shall be deemed given on the date of mailing.

d. Post-Disciplinary Action Appeal Rights –

1. An employee who receives a Lessor Discipline may appeal that Lessor Discipline to the General Manager by filing a letter within seven (7) business days of receipt of the final order of discipline. If an employee files an appeal, the suspension will be held in abeyance until after the appeal process has been completed. The decision of the General Manager or designee shall be final and is not subject to mediation or arbitration.
2. An employee who receives a Major Discipline shall have the right to appeal such action pursuant to the provisions as stated below:
 - i. Mediation: Not later than seven (7) business days after the decision letter is issued, an employee may request mediation in writing to the Human Resources Manager. Mediation shall only occur if both parties agree to participate. If Mediation is agreed to, the District's Human Resources Manager will contact the California State Mediation Conciliation Services to arrange for mediation. As soon as practicable, or as otherwise agreed to by

the parties, a mediator shall hear the disciplinary appeal. The mediation process and any opinion expressed by the mediator shall be informal, confidential, and shall be considered advisory. Any cost for the mediator will be shared equally by the parties.

- ii. Binding Arbitration: If the final notice of disciplinary action for a Major Discipline, as defined in this Article, is not satisfactorily resolved following mediation, or if mediation is not agreed to by the parties, then not later than seven (7) business days after the mediation meeting or the date of notice that mediation is not agreed to, the Union may request an appeal to an arbitrator. Requests for arbitration must be requested in writing to the Human Resources Manager. An arbitrator shall be selected by mutual agreement between the parties. Should the parties fail to agree upon an arbitrator within a reasonable period, they shall jointly request a list of seven (7) qualified arbitrators from the American Arbitration Association. The parties shall each alternately strike names until one (1) name remains. The party that strikes the first name from the list of arbitrators shall be determined by a toss of a coin.
 - a. The arbitrator's decision shall be in writing and shall be final and binding on the District and the employee.
 - b. All fees and costs of the American Arbitration Association and arbitrator, including the cost of a court reporter, if the arbitrator desires one, shall be shared equally between the parties to the arbitration. Each party shall bear their own attorney's/representative's and consultant's fees, and costs incurred.
 - c. Both the employee and their designated Union representative shall be given time off without loss of pay or benefits to participate in an arbitration hearing. Witnesses called to provide testimony at arbitration shall not suffer loss of pay or benefits for time spent at a hearing held pursuant to this MOU. The number of witnesses requested shall be reasonable. The scheduling of witnesses shall be coordinated in advance of the hearing, whenever possible.
 - d. In the arbitration of any dispute involving disciplinary action, the arbitrator may affirm, modify, or set aside the order of disciplinary action imposed by the District.
 - e. Discipline arbitration hearings will not be open to the public.

6. Miscellaneous

- a. Any party to the discipline/arbitration process may obtain information in the possession of or which may reasonably be obtained by the other party or their representative, except for any material that at the District's discretion must, in the public interest, be kept confidential.
- b. Time deadlines for appeals are jurisdictional if an appeal at any stage is not filed within the required time period, all further appeal steps are waived. The parties may mutually agree, in writing, to extend any discipline timelines.

**ARTICLE XIX
MISCELLANEOUS**

1. Outside Employment: It is the general policy of the District to discourage employees of the District from accepting employment from any other party. It is recognized by the District that in certain circumstances outside employment may not conflict with any interest of the District. Those employees wishing to work outside jobs or to hold employment with other parties while employed by the District will submit written requests for approval to the General Manager and request the District's approval prior to performing such work. No outside work shall be performed by a District employee without prior written approval of the General Manager.

2. Boot Allowance: The District will pay \$180 toward the purchase and/or repair of work boots for District Employees listed in the District's Work Apparel Policy and/or at the discretion of the employee's department manager. Payment will be made by the first full paycheck of the employee's date of hire and annually thereafter.

Boots must meet applicable OSHA standards for the duties assigned.

3. Labor Management Meetings: The parties agree to meet upon request of either party to discuss issues concerning labor/management relations.
