for the Water & Hydroelectric Operations Committee Meeting of
February 9, 2021

TO: Water & Hydroelectric Operations Committee Members

FROM: Chip Close, Water Operations Manager

DATE: January 27, 2021

SUBJECT: Watershed Sanitary Survey Memorandum of Understanding

OPERATIONS

RECOMMENDATION:

Review and discuss a Memorandum of Understanding (MOU) between the District and Placer County Water Agency (PCWA) to share in the development and costs for the 2021 Watershed Sanitary Survey, and make a recommendation to the Board of Directors as appropriate.

BACKGROUND:

The State Water Resources Control Board Division of Drinking Water requires all water suppliers using surface water to complete a Watershed Sanitary Survey (WSS) every 5 years. The last update was completed in January of 2017; therefore, an update is required by the end of 2021.

PWCA and the District share the same watershed and have the same source water supply. This shared supply has allowed both agencies to work collaboratively on the development of previous WSS reports. The sharing of workload and funds provides the most efficient means in updating the WSS and is in the ratepayer's best interest.

The attached Memorandum of Understanding memorializes an agreement between the District and PCWA with respect to contracting for the 2021 WSS update. The MOU has been reviewed and edited by legal counsel. Staff is recommending the Interim General Manager be authorized to execute the MOU as has been done in years past.

BUDGETARY IMPACT:

The MOU establishes a cap cost of \$50,000 for each agency
