

Staff Report

TO: Board of Directors

FROM: Jennifer Hansen, General Manager

DATE: March 23, 2022

SUBJECT: Job Description and Staffing Changes

ADMINISTRATION

RECOMMENDATION:

Adopt Resolution 2022-18 – Job Description and Staffing Changes (Attachment A) approving the following:

1. Addition of two job descriptions,
2. Addition of 1.00 full-time equivalent Administrative Analyst I/II to the Hydroelectric Department.
3. Deletion of 1.00 full-time equivalent Management Assistant to the Hydroelectric Department upon vacancy of the position.

BACKGROUND:

During the Board of Directors meeting on March 9, 2022, the Board of Directors approved Resolution 2022-13. Among other things, that Resolution approved new job descriptions and the budgetary impacts to the Hydroelectric Department associated with the addition of the South Yuba Canal and Deer Creek Powerhouse.

Comments received prior to and during the meeting resulted in changes to the Administrative Analyst I/II and Senior Administrative Analyst job descriptions. Therefore, actions related to these job descriptions were removed from the resolution approving the overall item. Revised job descriptions are attached for consideration and approval. The Administrative Analyst family of positions (including Administrative Analyst I, II, and Senior) will provide professional-level support and leadership to an assigned department. This position will perform professional analytical and technical duties such as budget analysis and expenditure monitoring, as well as preparing reports, manuals, and procedures as

needed. An Administrative Analyst will identify operational and administrative issues, aid in finding solutions, and assist in the implementation of the recommendations. The Administrative Analyst position is intended to complete high-level analytical tasks and self-lead complex projects.

The addition of the Administrative Analyst position in the Hydroelectric Department is necessary to support the Hydroelectric Department activities, including administration of the newly acquired of the South Yuba Canal and Deer Creek powerhouse. Along with the infrastructure will come unexpected challenges and require staff that is able to tackle a broad range of high-level responsibilities and can adapt quickly to needs as they arise. The Administrative Analyst will be able to look creatively at the changing needs and help to create and implement solutions and procedures as necessary.

While this action is only requesting the addition of one additional full time equivalent to the 2022 Annual Budget in the Hydroelectric Department, the job description will be available for use in other departments if the need arises and the Board authorizes the use of the position during the annual budget process.

The Management Assistant position in the Hydroelectric Department will be deleted from the budget upon vacancy of the position.

BUDGETARY IMPACT:

The budget associated with these changes was approved by Resolution 2022-13 on March 9, 2022.

Attachments: (2)

- Attachment A Resolution 2022-18
- Attachment B - Administrative Analyst I/II and Senior Administrative Analyst Job Descriptions

RESOLUTION NO. 2022-18
OF THE BOARD OF DIRECTORS OF THE NEVADA IRRIGATION DISTRICT

Job Description and Staffing Changes

WHEREAS, During the Board of Directors meeting on March 9, 2022 the Board of Directors approved Resolution 2022-13. Among other things, that Resolution approved new job descriptions and the budgetary impacts to the Hydroelectric Department associated with the addition of the South Yuba Canal and Deer Creek Powerhouse.

WHEREAS, Comments received prior to and during the Board of Directors Meeting on March 9, 2022 resulted in changes to the Administrative Analyst I/II and Senior Administrative Analyst job descriptions and delayed action on the position associated with it.

WHEREAS, Additional responsibility associated with the addition of the South Yuba Canal and Deer Creek Powerhouse acquisition requires approval of job description and staffing changes.

WHEREAS, The full-time equivalent position of the Management Assistant will be deleted from the Hydroelectric Department upon vacancy.

NOW THEREFORE, BE IT RESOLVED by the Board of Directors of Nevada Irrigation District:

1. The Board of Directors hereby approves the job descriptions for Administrative Analyst I/II and Senior Administrative Analyst; and
2. The Board of Directors hereby approves the addition of one Full Time Equivalent Administrative Analyst I/II to 2022 Hydroelectric staffing levels.

3. The Board of Directors hereby approves the deletion of one Full Time Equivalent Management Assistant to 2022 Hydroelectric Department staff levels upon vacancy of the position.
4. The Board of Directors hereby authorizes the General Manager to execute the agreements necessary to cause the actions contemplated by this resolution.

* * * * *

PASSED AND ADOPTED by the Board of Directors of the Nevada Irrigation District at a regular meeting held on the 23rd day of March 2022, by the following vote:

AYES:	Directors:
NOES:	Directors:
ABSENT:	Directors:
ABSTAINS:	Directors:

President of the Board of Directors

Attest:

Secretary to the Board of Directors

NEVADA IRRIGATION DISTRICT

Job Description

Job Title:	Administrative Analyst I/II	Reports To:	Assigned Supervisor
Salary Range:	A95 / B17	Approved by Board of Directors:	xx/xx/xxxx
FLSA Status:	Non-exempt	Unit:	Office
<p><i>Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.</i></p>			

Definition

Under supervision, learns to perform and performs professional analytical and technical; performs general and complex administrative duties; develops, implements, and administers assigned program responsibilities, including budget preparation, revenue analysis and project/program specific financial management; conducts analytical research, performs grant coordination and reporting services; performs other related duties as assigned.

Distinguishing Characteristics

Administrative Analyst I: This is the entry-level class in the Administrative Analyst series that allows the incumbent to develop journey level knowledge and abilities. Initially, under immediate supervision, incumbents perform the more routine and less complex support assignments while learning policies, procedures, and more in-depth analytical skills. As experience is gained, there is greater independence of action within established guidelines. This classification is alternatively staffed with Administrative Analyst II and incumbents may advance to the higher-level after gaining experience, demonstrating the ability to complete complex technical analysis, and demonstrating a level of proficiency that meets the qualifications of the higher-level class.

Administrative Analyst II: This is the journey level class in the Administrative Analyst series and is distinguished from the I level by the assignment of the full range of duties and the ability to work on assignments with limited supervision. Employees at this level receive only occasional instruction or assistance as new, unusual, or unique situations arise and are fully aware of the operating procedures and policies within the work unit. Positions in this class are normally filled by advancement from the I level

This class is distinguished from the next higher class of Senior Administrative Analyst in that the latter is expected to not only independently perform the full scope of administrative and technical analysis, research and management of new and current program activities as assigned.

Supervision Received and Exercised

Administrative Analyst I

Receives immediate supervision from assigned supervisory personnel.

Administrative Analyst II

Receives general supervision from assigned supervisory personnel.

Essential Functions Statements

Essential and other important responsibilities and duties may include, but are not limited to, the following:

1. Performs analytical and technical duties related to developing grants, projects, technical assessments, and policy development.
2. Carry out survey and research, as well as perform statistical analysis to address administrative, fiscal, personnel, and/or operational problems.
3. May serve as a project lead over a team responsible for developing and configuring management plans supporting the development of complex programs; defines and recommends processes for various technical environments.
4. Completes technical analysis related to regulatory compliance or enforcement.
5. Coordinates department revenue analysis and administration, and monitors expenditures.
6. Conducts research and technical analysis within the department.
7. Assists in development and implementation of policies, procedures, goals and objectives.
8. Coordinates grant services, including writing, scheduling, seeking out, and identifying grants and assigning staff to follow up with the application process as necessary.
9. Completes a variety of special projects; prepares a wide variety of reports, manuals, procedures and publications; conducts policy and legislative analysis.
10. Coordinates assigned work with related activities by other District departments, governmental organizations and public organizations; identifies interdepartmental cooperation opportunities.
11. Aid in resolving operational and administration issues; identify issues and conduct research to find alternative solutions; make and assist in the implementation of recommendations.
12. Assist the public with interpreting, understanding, and complying with District policies and procedures.
13. May represent the District on regional coordination groups.
14. Performs general administrative duties.

Qualifications

Knowledge of:

- Operational characteristics, services and activities of assigned program area.
- Principles, practices and methods of administrative and organizational analysis.
- Principles and practices of program and budget development and implementation.
- Grant writing and administration.
- Public administration policies and procedures.
- Principles, structuring and organization of municipal agencies.
- Methods and techniques of supervision, training and motivation.
- Basic principles of mathematics.

- Applicable federal, state and local laws, codes and regulations.
- Methods and techniques of scheduling work assignments.
- Standard office procedures, practices and equipment.
- Modern office equipment including a computer and applicable software.
- Methods and techniques for record keeping and report preparation and writing.
- Proper English, spelling and grammar.

Ability to:

- Perform a full range of responsible analytical and administrative duties in support of assigned programs functions, and/or department involving the use of independent judgement and personal initiative.
- Analyze financial, budgetary, administrative, operational and organizational problems, evaluate alternatives and reach sound conclusions.
- Develop and coordinate work programs and grants; develop and administer a budget; prepare clear and concise administrative documents and reports; create and manage Excel spreadsheets.
- Research, compile, analyze, interpret and prepare a variety of fiscal, statistical and administrative reports.
- Implement, explain and apply applicable laws, codes and regulations.
- Read, interpret and record data accurately.
- Perform mathematical calculations quickly and accurately.
- Make adjustments to standard operating procedures to improve effectiveness and comply with regulatory changes as appropriate.
- Organize, prioritize and follow-up on work assignments.
- Work independently and as part of a team.
- Make sound decisions within established guidelines; analyze a complex issue and develop and implement an appropriate response.

Responsibility to:

- Obey safe work practices, procedures, and regulations including wearing protective equipment and safety devices.
- Operate equipment in a careful and safe manner.
- Acknowledge the use of safeguards by other employees.
- Report any removal, displacement, damage, destruction, or tampering of safety devices, safeguards, notices or warnings.
- Report any safety risks or hazards to your supervisor or other management personnel.
- Report to your supervisor or other management personnel any work assignment that you feel would require you to perform the work in an unsafe manner.

Experience and Education Guidelines

Any combination of experience and education that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Five years of responsible administrative, analytical and technical experience.

Education:

Administrative Analyst I

A bachelor's degree in business or a related field may be substituted for the two years of experience.

Administrative Analyst II

In addition to the above, two years of experience equivalent to that of an Administrative Analyst I with Nevada Irrigation District.

License and Certificate:

Possession of a valid California driver's license.

Working Conditions

Environmental Conditions:

Work is normally performed in a temperature-controlled office environment subject to typical office noise. Some duties may include working in an outdoor environment, depending on assignment.

Physical Conditions:

Essential functions may require maintaining physical condition necessary to sit at desk for long periods of time; intermittently twist to reach equipment surrounding desk; perform simple grasping and fine manipulation; use telephone, write or use a keyboard to communicate through written means; and lift or carry weight of 25 pounds or less.

Mental Conditions:

Essential functions may require maintaining mental condition necessary to review documents related to department operations; observe, identify, and problem solve office systems and procedures; understand, interpret and explain department policies and procedures; explain and problem solve office issues for the public and with staff; handle conflict.

NEVADA IRRIGATION DISTRICT

Job Description

Job Title:	Senior Administrative Analyst	Reports To:	Assigned Supervisor
Salary Range:	B36	Approved by Board of Directors:	xx/xx/xxxx
FLSA Status:	Exempt	Unit:	Supervisor
<p><i>Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are not intended to reflect all duties performed within the job.</i></p>			

Definition

Under general direction, performs highly responsible, complex and extremely sensitive and/or confidential analytical professional and technical activities to support department and management staff. Independently develops, implements and administers assigned program responsibilities, including: budget preparation and financial management, conducts research, performs grant preparation and coordination services, conducts organizational analysis, operational audits, and coordinates activities of assigned department with other departments, and/or outside agencies, supervises other professional and technical staff, and performs other related duties as assigned.

Distinguishing Characteristics

The Senior Administrative Analyst is a professional level class in which the incumbent is expected to independently perform the full scope of administrative analysis, research and management of new and current program activities as assigned. This role is considered the lead and/or specialist level within the Administrative Analyst Series. In the lead assignment, incumbents provide supervision and direction to technical and/or professional level staff, including delegation, direction, and evaluation of assigned work. In the analyst assignment, incumbents work on specialized projects containing a high number of complex, difficult, and sensitive tasks, and assignments. Positions at this level are distinguished from those in the lower classification of Administrative Analyst II by their performance of more difficult and complex work requiring independent judgment and decision-making for more complex departmental issues and based on providing supervision of staff or technical activities.

Supervision Received and Exercised

Receives general supervision from assigned supervisory or management personnel.

May exercise functional and technical supervision of lower-level personnel.

Essential Functions Statements

Essential and other important responsibilities and duties may include, but are not limited to, the following:

1. Performs complex professional analytical and technical duties related to developing grants, projects, technical assessments, and policy development.
2. Coordinates development of department expense and revenue projections, analysis and administration, and develops trend assessments of all budget items.

3. Serves as a project lead over a team responsible for developing and configuring management plans supporting the development of complex programs; and defines and recommends processes for various technical environments.
4. Reviews existing and future programs and agreements to ensure efficiency of administration and cost effectiveness. Provides recommendations for improvements.
5. Compiles and analyzes information, evaluates options, prepares, and presents recommendations for review by management and may findings directly to the Board of Directors.
6. Assists in development and implementation of policies, procedures, goals and objectives.
7. Conducts detailed and complex organizational studies pertaining to workflow, time and cost factors, administrative systems, records and filing systems, procedures, staffing levels, and organizational structures to determine potential areas for organizational improvement.
8. Oversees a variety of special projects; prepares a wide variety of reports, manuals, procedures, and publications; and conducts policy and legislative analysis.
9. Coordinates assigned work with related activities by other departments, governmental organizations and public organizations; and identifies interdepartmental cooperation opportunities.
10. Oversees grant services by providing assistance to staff completing grant applications. Works with departments by assisting staff in meeting and understanding grant requirements so all aspect of grant compliance are addressed. Maintains continuing and effective rapport with staff in various local, regional, state and federal offices to ensure timely knowledge of grant related information; negotiates resolutions of eligibility and compliance issues.
11. Establishes positive working relationships with representatives of community organizations, state/local agencies and associations, management, staff and the public.
12. Represents the District on regional coordination groups.

Financial/Budget Support:

1. Develops and directs the implementation of goals, objectives, policies and procedures and work standards for the administrative support function of the department.
2. Directs departmental operations on fiscal matters, including budget development, monitoring and control, including departmental oversight of financial transactions.
3. Oversees and coordinates the development of the department's or multiple departments' operating, capital, and revenue budgets in coordination with other divisions.
4. Monitors the budget and takes corrective action at the fund level for multiple enterprise and governmental funds.
5. Ensures adherence to codes, applicable laws, regulations and guidelines relating to administrative and financial activities.

6. Represents the department in interpreting and explaining financial, administrative and operational plans and documents to District officials, auditors, other agencies and the general public. May train individuals, departments, or groups.
7. Coordinates and prepares requests for grant funds and appropriate records and cost reports to various funding agencies.
8. Performs analytical work in the development and management of grants and contracts and the management of department level procurement and/or personnel functions, based on established budgets.
9. Prepares substantial planning documents such as impact fee studies, long-term operational management plans, and other policy development and implementation studies.
10. Establish positive working relationships with representatives of community organizations, state/local agencies and associations, management and staff and the public.

Qualifications

Knowledge of:

- Principles, practices and methods of administrative and organizational analysis.
- Principles and practices of program and budget development and implementation.
- Grant writing and administration.
- Public administration policies and procedures.
- Principles, structuring and organization of municipal agencies.
- Methods and techniques of supervision, training, evaluation and motivation.
- Basic principles of mathematics.
- Applicable federal, state and local laws, codes and regulations.
- Methods and techniques of scheduling work assignments.
- Standard office procedures, practice and equipment; modern office equipment including a computer and applicable software.
- Methods and techniques for record keeping and report preparation and writing.
- Proper English, spelling and grammar.

Ability to:

- Analyze financial budgetary, administrative, operational and organizational problems, evaluate alternatives and reach sound conclusions and communicate results with management, staff, and/or the public.
- Develop and coordinate work programs and grants.
- Develop and administer a budget.
- Prepare clear and concise administrative documents and reports.
- Research, compile, analyze, interpret and prepare a variety of fiscal, statistical and administrative reports.
- Implement, explain and apply applicable laws, codes and regulations.
- Train, supervise and motivate assigned staff.
- Read, interpret and record data accurately.
- Perform mathematical calculations quickly and accurately.
- Make adjustments to standard operating procedures to improve effectiveness and comply with regulatory changes as appropriate.

- Organize, prioritize and follow-up on work assignments.
- Work independently and as part of a team.
- Make sound decisions within established guidelines.
- Train individuals, departments, or groups in areas pertaining to expertise (i.e. financial, personnel, research) analyze a complex issue, develop and implement an appropriate response.
- Communicate clearly and concisely, both orally and in writing, establish and maintain effective working relationships.
- Operate an office computer and variety of word processing, spreadsheet, presentation, financial and other software applications. Develop, analyze, proofread and maintain Excel spreadsheets.

Responsibility to:

- Obey safe work practices, procedures, and regulations including wearing protective equipment and safety devices.
- Operate equipment in a careful and safe manner.
- Acknowledge the use of safeguards by other employees.
- Report any removal, displacement, damage, destruction, or tampering of safety devices, safeguards, notices or warnings.
- Report any safety risks or hazards to your supervisor or other management personnel.
- Report to your supervisor or other management personnel any work assignment that you feel would require you to perform the work in an unsafe manner.

Experience and Education Guidelines

Any combination of experience and education that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Experience:

Equivalent of seven years of directly related analyst experience, including two years of project management experience.

Education:

Bachelor's degree in business, public administration or a related field. A Master's degree in a related field is highly desirable.

License and Certificate:

Possession of a valid California driver's license.

Working Conditions

Environmental Conditions:

Work is normally performed in a temperature-controlled office environment subject to typical office noise. Some duties may include working in an outdoor environment, depending on assignment.

Physical Conditions:

Essential functions may require maintaining physical condition necessary to sit at desk and/or stand at counter for long periods of time; intermittently twist and reach office equipment; write and use keyboard to communicate through written means; run errands as required; lift or carry weight of 25 pounds or less.

Mental Conditions:

Essential functions may require maintaining mental condition necessary to review documents related to department operations; observe, identify, and problem solve office systems and procedures; understand, interpret and explain department policies and procedures; explain and problem solve office issues for the public and with staff; handle conflict.
